

STATEMENT OF WORK

SCOPE OF CONTRACT

This requirement is to provide twelve (12) Trucks (pickups) for thirteen (13) months. They will be used to transport personnel to various work sites within the Huron-Manistee National Forest, Oscoda County, Michigan. These vehicles will be operated on paved roads, forest aggregate roads, and primitive forest roads and in some off-road conditions. Additionally, personnel will be very dirty at the end of each day as well as their equipment (i.e., chain saws with gas and oil cans, hand tools, etc.). It is strongly suggested that vehicles be provided with appropriate tires, vinyl interior and bedliners to accommodate the above conditions.

TECHNICAL SPECIFICATIONS

All vehicles must meet the following specifications:

- **(12) Vehicles total – All must be 4-wheel drive capable**
- **All will be equipped with Crew Cabs (six passenger)**
- **Vehicle type -**
 - **(6) Each ½ ton capacity- no tow package**
 - **(4) Each ¾ ton capacity - must have a trailer brake controller and be equipped with a trailer towing package;**
 - **(2) Each 1 Ton capacity – with tow package**
- **2009 models –pickup trucks either new or used**
- **Vehicles must be covered under original manufacture's warranty during the life of this lease. Documentation must be provided at the time of delivery.**
- **Maintenance (Fuel, lubricants and items not covered under Mfg. warranty) will be obtained by the Forest Service.**
- **All vehicles are to be provided with a fuel card to be billed to Forest Service monthly.**
- **Vehicles are to be provided with license tags through out the duration of the contract.**

All vehicles shall be delivered on August 10, 2009.

**USDA Forest Service
Mio Ranger Station
107 McKinley
Mio Mi 48647**

Lease rates shall be based on a fixed payment/closed-end lease for new/used 2009 model year vehicles.

Lease rates shall include all contractor costs for delivery to address above and pick-up/return at the end of the lease.

Rates shall include 1250 miles per month per vehicle. Excess mileage charges shall be invoiced at the lease termination.

Each vehicle shall be delivered with a fuel charge card with fuel charges to be billed monthly.

INSPECTION OF EQUIPMENT

Each vehicle will be inspected by the COR or designated inspector at the time of delivery to the address indicated above. The inspector will use the “Vehicle/Heavy Equipment Safety Inspection Checklist” to document both pre-use and release inspections for each vehicle. Any item not meeting contract specifications and requirements will be rejected. The Contractor shall, within 24 hours after receipt of notice from the COR, either correct the deficiencies or provide a like replacement piece of equipment meeting specifications at their expense.
